Ein erster Eindruck

Within the prestigious condominium "Living Herzogpark", located in an unparalleled location for the Bolzano market, we offer for sale the penthouse and super penthouse with roof garden. The residential complex was built in 2016 according to Climate House A standards. Only high quality materials were used and the finishes turn out to be of absolute value: larch parquet flooring, Brazilian slate, underfloor heating and cooling with heat pump, air conditioning, home automation, flush doors and full-height doors are just a taste of the finishes chosen for this dwelling. The 'penthouse is reached by a convenient elevator, usable only with a personal key. Once inside the residence, one is immediately stunned by the unobstructed view of the Benedictine Abbey, the vineyards of Muri-Gries and the surrounding mountains. In fact, a large window allows you to admire this splendid panorama from the comfort of the living area. The living room overlooks a first terrace that in the warmer months will be a continuation of the living area. From the living room, the beating heart of this property, it is possible to reach the other rooms of the house. The sleeping area consists of a scenic master bedroom with a spacious "en suite" bathroom and double terrace. There are then two other bedrooms with access to another terrace, overlooking the Ducal Park, and a windowed bathroom. Through a design staircase, in black steel, you reach the upper floor where you have an additional room, useful as a study or hobby area, from which you access the flagship of this property: the terrace with the roof garden. The panorama that can be appreciated from here is unrepeatable. Total privacy and moments of pure pleasure are guaranteed. Thanks to the various plants present, such as palms and olive trees, one feels every day on vacation staying in one's own home. Special mention should be made about the quality, custom-made furniture that remains within the property. On the ground floor you can park your bike in a dedicated condominium rack. While in the basement, complete the 'property, a large double garage and a windowed hobby room. This extraordinary penthouse is the 'ideal property for our most demanding clientele, both local and international.
