Ein erster Eindruck

This prestigious residential complex was built in the highest standard of Climate House "C," which means it will also be rated for energy efficiency. The property is located in an interior and quiet area, and offers a high degree of privacy. An entrance door, gives access to this charming five-room apartment that is located on the ground floor with a garden of 220 sq. m. approx. The heart of the apartment is definitely the large living area with a view and direct access to the garden that allow the future owners to enjoy pure moments of relaxation or company for many months of the year, making a perfect continuity between the indoor and outdoor space. The sleeping area, on the other hand, consists of: a master bedroom with a walk-in closet and direct access to the garden, an additional double bedroom with direct access to the garden, a single bedroom with an en suite bathroom and direct access to the garden, a livable kitchen with direct access to the garden, a windowed master bathroom, and a service bathroom. The property unit is equipped with a central heating system that is operated independently with convenient individual control of room temperature, providing a special atmosphere of well-being in all rooms, indoor and outdoor alarm system and air-conditioning system. The offer is completed by two cellar rooms and two garage boxes. All reachable by stairs or elevator. Both garages are Extra at Euro 100,000.00 thousand. (The property is the result of a merger of two material portions, if desired it can be restored to its original state, so as to obtain a large three-room apartment (equal to a four-room apartment) and a studio apartment). A solution therefore unique and unrepeatable in Bolzano, for our most demanding clients. The property features fine finishes. Construction year 2003.
