## A first impression

This spacious and quietly located plot of approx. 722 m<sup>2</sup> offers you the unique opportunity to realize your own personal dream home. There is currently an old building on the plot, the renovation of which does not seem economically viable. Instead, you have the opportunity to design a new building according to your wishes and ideas and enjoy the charm of an individually planned home. The plot is located in a quiet yet central residential area, which is ideal for families, couples or people looking for a harmonious environment with the best infrastructure. Take the opportunity to create your own personal retreat in a sought-after location and benefit from optimal connections to city life and the surrounding nature.
