## A first impression

This feel-good chalet with picturesque dream views of the Loferer Steinberge mountains in St. Ulrich am Pillersee exudes a very special charm. The lovingly designed swimming pond and the large garden underline the unique character of the chalet. There are three very spacious bedrooms on the first floor, each with an en-suite bathroom. One of the bedrooms is currently furnished as a cozy reading corner. The extraordinary master area stands out in particular. Directly behind the sleeping area to the left and right of the bed are two designer washbasins, which are connected by an open rain shower. There is also a separate en suite bathroom with a free-standing bathtub, WC and washbasin. A staircase leads to the top floor. The magnificent size of the living/dining and kitchen area with exposed roof trusses is immediately striking. Two imposing chandeliers from the K&K monarchy provide the special wow factor. The spacious kitchen is equipped with high-quality Miele appliances and a separate pantry provides additional storage space. In the living area, a large sofa area and the open fireplace make for particularly cozy evenings. This property is rounded off with two large terraces, which offer an incomparable view of the mountain panorama of Ortisei.
