A first impression

Exceptional historic luxury estate dating back to 1920 in the north of the island of Mallorca on the Bay of Pollensa. The villa is located in a quiet residential area between the bays of Alcudia and Pollensa, just a few meters from two beautiful beaches with white sand and crystal clear water, and offers a beautiful view over the bay of Pollensa. The property consists of the elegantly furnished main house with luxurious modern american kitchen, dining room and large living room. The villa is equipped with all amenities same as the various outbuildings which comprise the guest house, the pool house and the staff house. The staff house has a professional kitchen and three bedrooms and two bathrooms and a huge boat garage. The villa also has a holiday rental license with 18 places. The spacious private property with its well-tended gardens and large lawns offers an ideal environment for a fantastic holiday with friends and / or family. The house has several great terraces in different orientations, an outdoor dining area next to the main house as well as another dining and barbecue area with complete kitchen amenities next to the 20 x 8 salt water pool and the hot tub, which is however covered. The areas are equipped with comfortable furniture as well as with parasols and awnings. The modern interior of the main house was carefully selected to create an ambience that exudes maximum comfort and tranquility. High-quality materials were used to equip the rooms, with stone floors in the day area and warm, large-format oak parquet in the night area, combined with light colours and custom-made furniture for each room. The furnishings of the bedrooms harmonize with that of the rest of the house, and all have a large, modern bathroom en suite. The attic on the upper floor is ideal as a playroom for the youngest family members. Particularly noteworthy is the master bedroom, which has a changing room and a bathroom with tub and shower as well as a private terrace on the first floor, which offers a wonderful view of the sea and the Formentor peninsula with the spectacular Tramuntana mountain range in the back. This property is undoubtedly one of the most spectacular and luxurious properties that can be found on the island. The fact that it is a listed historic building gives it the unique and special charm that makes it a priceless experience to own it and become part of its history. An unique opportunity for the ones searching for a priceless jewel to make it their home.

All about the location

Playa de Sant Joan is a beautiful sandy beach located in Mal Pas, only 2 kilometers from the old town of Alcúdia. Together with its neighboring beach Playa de Sant Pere, these are the only two sandy beaches in this rocky and isolated area of the coast of Alcúdia. You will be able to move on foot between the beaches without problems enjoying the cozy environment of the area. This area is known by the locals as Sa Punta de Manresa, where the great majority of the beaches are rocky, with the exception of those specified above. Both beaches have spectacular views of the bay of Pollença and the Cap de Formentor. Amenities such as pharmacy and a small supermarket are only a couple of minutes by foot away, same as the Yacht Marina of Bonaire. The area also offers a number of fantastic restaurants, bars and beach clubs that mostly can be reached by foot. The old town of Alcudia can be reached in 5 minutes by car, same as Puerto Alcudia with its huge yacht marina and commercial harbour.
