### All about the location

The wine village of Cornaiano lies at an altitude of about 435 metres on a sunny plateau embedded in a vineyard landscape only a few kilometres from the provincial capital of Bolzano. Vines and cellars have always been part of the village's appearance, as have manor houses with archways and oriels. Cornaiano is a fraction of the municipality of Appiano and with about 2,800 inhabitants an attractive village with all kinds of infrastructure in the immediate vicinity. The popular "Montiggl" Lakes are in the immediate vicinity and invite you to go hiking or mountain biking. The nearest golf course is only a 10-minute drive away. After about 100 km you reach Lake Garda, after about 150 km the international airport in Verona. Enjoy the peace and quiet here and at the same time the strategically good position.
