A first impression

In Via Leopardi, in the Bareggia of Macherio, in a strategic and very convenient location with all road connections, main activities and primary and secondary services that the town offers, we offer for sale on the second floor with elevator, a delightful three-room apartment with double exposure and that is in good condition. The building, located in a quiet and safe street, was built in 1997 and is currently undergoing renovation involving the roof and part of the facade. The work, nearing completion, adds a modern touch to an already contemporary-looking structure. The property unit, located on a medium-high floor, has a double south-north exposure. The main south orientation illuminates the apartment with natural light throughout the day. The exterior facing a quiet street and the interior facing the garden of the ground-floor apartments infuse every room with an atmosphere of tranquility, making the apartment a true oasis of peace and well-being. In detail, at the entrance we find the living area consisting of a large living room and an eat-in kitchen. Both rooms overlook a small terrace, equipped with awnings, ideal to accommodate a table and chairs. Thanks to the bright southern exposure, this outdoor outlet is flooded with natural light, creating a pleasant continuity with the living area and offering a perfect space for relaxing moments outdoors. Continuing to the sleeping area, we find a hallway that divides the rooms: on the left, the master bedroom, facing south, and on the right the second bedroom, facing north, with access to a second balcony that offers a pleasant view of the surrounding green spaces. The two bedrooms are separated by a large bathroom, complete with bathtub and shower, lit by a French door that opens onto the same balcony as the second bedroom. The property is completed by a cellar and an appurtenant garage, both located inside the building and easily accessible. The garage is available at an additional cost of 15,000 euros. The apartment is currently leased under a contract expiring on March 31, 2025, so it will be completely vacant from April 1.

Details of amenities

The apartment, which is in good condition, is furnished with attention to detail, and all spaces have been optimized also thanks to the presence of custom-made closets in the bedroom spaces.

The heating system is independent, and air conditioning is provided by splits located in both the living room and the master bedroom.

French doors, throughout the house, are wooden and double-glazed for better insulation.
