A first impression

Villa Valentina is a classical-style villa built in the 2000s and renovated in 2020. The villa has a commercial area of 300 m², surrounded by a 2000 m² garden with various plants that bloom all year round. The villa consists of two floors, on the ground floor we find an entrance hall, a large and bright living room with panoramic windows overlooking the lake and the Gulf of Venus of Lenno, with exit to the terrace, eat-in kitchen with exit to the covered porch, three bedrooms, three bathrooms and a study. On the basement level there is a large living room with dining area, TV and bio-fireplace, a bedroom, a bathroom, a checkroom, a laundry/ironing room, a storage room and a technical room with the boiler. In the same basement floor there is a large garage of 95 m² with storage room and hobby room. A swimming pool with relaxation area, a large covered terrace with dining area and barbecue, all finely furnished to new. The bathrooms were designed by an Italian architect using Rifra Bagni luxury brand products. The garden is adorned with different varieties of plants, such as mimosas, oranges, lemons, tangerines, pines, olives, roses, camellias, and palms. The villa is located in a convenient and serviced area of Tremezzo. From the villa it is an easy walk to Tremezzo's lakefront, stores, restaurants, bars, the lakeside boat stop, and the bus stop. The famous Villa Carlotta botanical garden is just a few minutes from the property.
