A first impression

In the Can Santacilia building, the present and the past merge into an elegant whole. Renovated in 2022, the 16th century building is the result of a perfect blend of function and form. The two connected buildings are divided into 16 flats. For relaxation, there is a communal pool in the complex, as well as a sauna and a gym on the 1st floor with panoramic windows. The flat offered here captivates by its staggered levels. You enter the living room through the magnificent hallway with old stone elements. Over 3 steps you reach the open modern fitted kitchen with cooking island. A corridor now leads you to the bedroom with bathroom on suite and to the guest WC. The bedroom impresses with its wall panelling and a mirrored wall. Behind it are the illuminated wardrobes and a concealed door through which you enter the bathroom. The bathroom consists of a double washbasin, a shower separated by glass doors and a WC. All custom made single pieces in natural stone and high quality brass fittings. The entire flat combines traditional finishes, such as stucco ceilings, old stone and mouldings on the walls, with modern elements.
