Nestled just moments away from La Almadraba beach in El Verger and mere kilometers from Denia, Von Poll proudly unveils a visionary project that defies convention. With boundless ambition, our aim is to transform the improbable into the achievable – crafting a residential endeavor that epitomizes sustainability, wellness, and communal harmony.

Welcome to this utopian village – a testament to the art of sustainable living.

With an unwavering commitment to honoring the natural world, this project is meticulously crafted with sustainability at its core. Innovative rainwater harvesting and recycling systems breathe life into a lush, sustainable ecosystem, while curated gardens showcase indigenous flora, requiring minimal upkeep. Expansive arrays of photovoltaic panels enable self-sufficient energy production, complemented by electric vehicle charging stations, all designed to harmonize seamlessly with nature.

Here, true luxury lies in embracing necessity while maintaining reverence for the environment.

Thoughtfully designed 1, 2, and 3-bedroom apartments, starting from €172,000, beckon you to embrace a lifestyle where opulence and environmental stewardship intertwine effortlessly.
