Detalles de los servicios

The house has Vicenza-style shutters, typical of the local tradition, and an armored wooden door with a fanlight adorned with a fine wrought-iron grating. To ensure maximum living comfort, an advanced hybrid heating system with radiant floor panels was installed, combining an air-water heat pump powered by electricity with a condensing boiler powered by natural gas, all enclosed in a single indoor module (DAIKIN/Hybrid model) connected to an outdoor unit.

The result is an Energy Class A4

Todo sobre la ubicación

We are located in one of the most sought-after and coveted areas of the city, San Rocco, on the edge of the ZTL, right in the historic center. The location makes it possible to live in close contact with the historic part of the city and rediscover traditions and ways of life that are too often forgotten, while at the same time combining the modern convenience of returning home directly by car without the typical limitations of the ZTL. The heart of Vicenza's historic center can be reached by walking out of the house, but the Palazzo, thanks to its defiladed location, enjoys a special quiet that reigns supreme all around. All services and activities related to contemporary living are accessible and usable both on foot and by bicycle, thanks also to the popular adjacent bike path. Palaces, Museums, Institutions and Schools alternate with the fine residences, small businesses and stores that characterize the walks and the pleasure of living in the Historic Center.
