Llubí is a village in the center of Mallorca. It is 38 km from Palma and 17 km from the bay of Alcudia. Nearby are the villages of Muro, Santa Margalida and the capital of the central area, Inca. Until the beginning of the 19th century, Llubí was a small village that belonged to the neighboring municipality of Muro. In the past, the economy was based on agriculture, with the production of capers standing out. Today, the town is surrounded by fields where almond, carob and fig trees grow. The restaurants, bars and stores of Llubí are scattered throughout the town, especially along the road that crosses it. Palma can be reached in 30 minutes and the beaches to the north, such as Can Picafort, are only 20 minutes away. The town also has a train connection to Palma.
