Az els? benyomás

Magnificent townhouse completely renovated in the old town of Muro. Located on a plot of about 500m² and distributed on two floors is of ecological architecture. On the first floor we find a large open and bright space, housing a large living room with fireplace, kitchen-dining room with access to a beautiful green garden, 1 double bedroom and 1 guest toilet. Also on this floor there is an annex that communicates with the main building, where we find 1 great double bedroom with en suite bathroom, dressing room and direct access to the pool and solarium area. Second floor has 2 double bedrooms with dressing room, 1 bathroom en suite and a large balcony. From this floor you can enjoy magnificent views of the Tramuntana mountains and the village. As a special extra: the house was built using only natural materials, has energy efficiency through aerothermal air conditioning, humidity and temperature insulation by organic blocks. A great opportunity to acquire your own personalized paradise!
