Within walking distance of the beach, a wide selection of restaurants and stores, as well as sports and leisure facilities, this modern new-build project is in a prime location in Palmanova. Palmanova is located right in the heart of the elegant southwest of Mallorca on a coastal strip that connects two bays with a fine, white sandy beach. The promenade offers picturesque views over the bay of Palma, as well as an excellent selection of international restaurants. The marina of Puerto Portals, which is on a par with Monte Carlo and Saint-Tropez in international comparison and offers all water sports facilities, is located in the neighboring village, only 2 minutes away by car. The golf courses of Bendinat and Santa Ponsa can be reached in less than 10 minutes. All daily necessities are available in Palmanova all year round, directly in the village. With four large supermarkets, international medical centers and all kinds of stores and services, as well as schools and kindergartens, Palmanova offers an excellent infrastructure.
