Tutto sulla posizione

Ses Salines is a quiet municipality in the southeast of Mallorca. The name of the municipality is derived from the large salt pans that are still used for salt production today. The white salt mountains and the white-painted building of the salt factory can be visited several times a day. Parts of the municipal area have been declared a nature reserve. The famous Es Trenc beach is located within this nature reserve. The market of Ses Salines takes place every Thursday in the center of the town. The town center is about 44 km from the airport, the next largest towns Campos is about 13 km away and Santanyi is about 9 km away.
