Una prima impressione

At the entrance to Puig de Ros, these modern houses with a small garden and private swimming pool are being built. A total of 16 semi-detached houses will be built with an interior surface area of approximately 160 square metres (80 square metres per floor). The plots are between 300 and 330 square metres in size. Each house has 3 or 4 bedrooms, 3 bathrooms with private swimming pool and a garden of over 200 square metres. Each house has two parking spaces. The houses have different orientations with plenty of sunlight, which provides natural light all day long. This is used to provide hot water by means of the thermal solar panels on the roof. Each house has its own 500 litre drinking water tank for emergencies. Different kitchen layouts are available according to taste and needs. You can also choose from several options for the interior layout. Prices range from 615,000.00 to 690,000.00 EUR. Expected date for handing over the keys is September 2022. A virtual tour is available for this property.
