## Tudo sobre a localização

Pòrtol, in the municipality of Marratxí, is known for its pottery. Around 3000 people live in and around this quiet village, which is located 15 km north-east of Palma and 20 km from the airport. The art of pottery has a very long tradition in this region, as the soil in the area is ideal and the burning of almond shells creates a particularly hot fire, which is necessary for firing the clay. The first pottery can be found in the Neolithic period, the Romans brought the potter's wheel and rain gutters and bricks were produced for the first time. The almond blossom, between January and February, transforms Pòrtol into a sea of pink flowers. At the beginning of March, the pottery fair takes place, with information on the history of pottery and stalls selling greixoneras, a mixture between a pot and a pan for preparing traditional dishes, as well as flower pots, amphorae and also the siruell, small clay pipes in human form. There is a clay trail, the Ruta del Fang, through the 7 active pottery workshops. Nearby is the Festival Park Marratxí with restaurants, 3D cinema and outlet stores and in the immediate vicinity is the Puntiro golf course. For families, the village offers an excellent quality of life with good access to schools and leisure facilities. Portol is the perfect place for those who want to experience the authentic Mallorca and at the same time benefit from the proximity to the vibrant capital.
